

# MC2152 power amplifier

- The MC2152 70th Anniversary Vacuum Tube Amplifier is a 150 Watt stereo amplifier that features a striking new design to celebrate our seven decades of handcrafting some of the best home audio equipment the world has ever heard.
- A 70th Anniversary badge is laser engraved into the top plate of the transformer enclosures.
- Utilizing our Unity Coupled Circuit output transformer technology – the same time-tested technology the company was founded on in 1949 – the full 150 Watts can be delivered to almost any pair of speakers regardless if they have 2, 4 or 8 Ohm impedance.
- Uses (8) KT88, (4) 12AX7A and (4) 12AT7 vacuum tubes. The tubes are covered by a 12-gauge stainless steel wire cage with a black powder coated finish.
- Stunning new design is highlighted by a bead blasted black anodized aluminum chassis accentuated with matte finish carbon fiber side panels.
- The LEDs under the eight small tubes can be set to three illumination settings: Off (which allows the tubes natural amber glow to be visible), Green or Blue – a new color option unique to the MC2152.
- Sentry Monitor™ technology monitors the output current and shuts the amplifier off if it ever exceeds safe limits. Also includes our Solid Cinch™ speaker binding posts and Power Control.
- Pairs perfectly with the C70 70th Anniversary Vacuum Tube Preamplifier.

# MC2152 power amplifier

## Power Output:

150 Watts into 2, 4 or 8 Ohm speakers

## Total Harmonic Distortion:

0.5% maximum from 20Hz to 20kHz

## Signal to Noise Ratio:

112dB

## Dynamic Headroom:

1.2dB

## Damping Factor:

Greater than 18

## Frequency Response:

+0, -0.25dB from 20Hz to 20kHz  
+0, -3.0dB from 10Hz to 70kHz

## Inputs:

2 Balanced  
2 Unbalanced

## Overall Dimensions (W x H x D):

17-1/2" (44.45cm) x 10-1/4" (26cm)  
x 28" (71.1cm)

## Weight:

125 lbs (56.7kg) net,  
138 lbs (62.6kg) in shipping carton

## For the Consumer's Protection:

In order to ensure the highest level of customer satisfaction, new McIntosh products may only be purchased from an Authorized McIntosh Dealer; and, with certain limited exceptions may only be purchased over-the-counter or delivered and installed by the Authorized McIntosh Dealer. McIntosh does not warrant, in any way, products that are purchased from anyone who is not an Authorized McIntosh Dealer, or that have had their serial numbers altered or defaced.

## Companion Products

The C70 70th Anniversary Vacuum Tube Preamp, MT10 Precision Turntable, MCD600 SACD/CD Player, MS500 Music Streamer, MEN220 Room Correction System, MPC1500 Power Controller and XR100 Loudspeakers are logical companions for the MC2152 Power Amplifier. Your Authorized Dealer can provide additional information on other McIntosh product combinations. To learn more, please call us at 1.800.538.6576.
