

# MCD550 cd player

- High performance SACD/CD player with three digital inputs: coaxial, optical and USB.
- Variable balanced and unbalanced audio outputs allow for direct connection to a power amplifier, eliminating the need for a separate preamplifier.
- New style headphone output will power all headphones from small ear-buds to over-the-ear studio types with the very best fidelity.
- Asynchronous, high speed USB 2.0 audio input allows direct streaming of computer stored audio files.
- Quad Balanced, low distortion, 32 bit, 192kHz PCM/DSD digital to analog conversion using four DACs per channel delivers the very finest audio quality.
- Premium aluminum die cast CD tray provides the best handling of music discs.

Rediscover your valuable CD collection

28 lbs (12.7kg) net,  
42.5 lbs (19.2kg) in shipping carton

## For the Consumer's Protection:

In order to ensure the highest level of customer satisfaction, "new" McIntosh products may only be purchased over-the-counter or delivered and installed by an Authorized McIntosh Dealer. McIntosh products that are purchased over the Internet, by phone or mail order are presumed to be "used" and do not qualify for any McIntosh Warranty. McIntosh does not warrant, in any way, products that are purchased from anyone who is not an Authorized Dealer or products that have had their serial number altered or defaced.

## Companion Products

The McIntosh MA8000 Integrated Amplifier, MT5 Precision Turntable and XR100 Loudspeakers are logical companions for the MCD550 CD Player. Your Authorized Dealer can provide additional information on other McIntosh product combinations.
